

COVID-19 Information (last update 09.07.2020)

To whom it may concern,

Due to current developments in COVID-19, we have taken measures, to protect our employees, customers, suppliers and to secure our supply chain.

For this, we have implemented company-wide hygiene measures. In addition, our travel activities and the reception of visitors were temporarily suspended. We have also ensured our accessibility and efficiency through home office solutions.

The freight situation between Germany and the USA has meanwhile eased again, so our two-weekly airfreight shipments are currently arriving on schedule. However, delivery delays of a few days are still possible in exceptional cases.

Despite the worldwide tense situation regarding COVID19 we are there for you during the usual business hours (Mon - Th 7.45 - 12.00 and 12.45 - 17.00 and Fr 8.00 - 14.00 hours).

We are constantly monitoring developments and will derive appropriate measures from changes.

To keep you informed, this letter will be updated on www.fuerniss.de/en/coronaE.html.

Best regards
FüRNISS GmbH
